The Turbo BreakDown and BreakUp will alert you of stocks that are aggressively moving in one direction. This scanner will look for stocks that have a volume of 500% of normal volume in the last minute. Show stocks that have a lot momentum.

The screenshot shows the 'Alert Config Window' for the 'Turbo BreakDown' strategy. The window name is 'Turbo BreakDown'. The current strategy description is: 'Alerts: New low (indicated by a red downward arrow and dollar sign icon). Filters: Stocks where the price is between \$10 and \$350 (indicated by a dollar sign icon); Stocks where the volume today is at least 500,000 shares (indicated by a bar chart icon with 'T'); Stocks where the volume in the last minute is at least 500% of normal (indicated by a bar chart icon with '1'); Stocks where the number of alerts today is at least 3 (indicated by a hash icon); Stocks where the value is at least 10,000,000 (indicated by a 'Float' icon). The window includes 'OK', 'Cancel', and 'Flip' buttons at the bottom.
